Please note that your Show pass will need to be shown at all times at the entrance.

During the set up and the duration of the Show, the Spanish Quay gate, can only be used as an exit.

VEHICLE ACCESS POLICY

Please note that in order to ensure a safe working environment before, during and after the Show, a **'no vehicle movement'** policy at the exhibition area will be enforced and no **other trucks or transport companies will be permitted to access into the marina for unloading.**

24.04.2022 – SET UP DAY

Exhibitors arriving with their own vehicle and wishing to unload material for their stand will only be allowed on Sunday during the set-up hours, from 09h30 to 18h00.

Due to restricted space on the dock, only a few cars will be able to access the dock at the same time and cars will be allowed to remain for a maximum of 15 minutes. The designated access control is the main entrance in Moll de Barceloneta 1, Barcelona, Spain.

In order to access the dock, exhibitors previously need to schedule a time slot. The time slot can be requested by contacting Iva Doci at i.doci@marinaportvell.com. Access for vehicles without a scheduled time slot will be denied.

Access is extremely limited, if you are dropping off portable items, such as boxes of brochures etc. we strongly advise that you do not try to enter the marina by car. During periods of high transit, security may refuse entry to those trying to gain vehicle access with portable goods.

28.04.2022 – DISMANTLING DAY

Due to restricted space on the docks, **exhibitors will not be able to access the marina with their own vehicles.**

In order to avoid any vehicle congestion at the main entrance, a special parking location has been designated at the end of *Calle Escar* (located at the end of *Passeig Joan de Borbó* street), to load your own material after the Show.

It is extremely important that you are aware that no cars can be parked in front of the main entrance in Moll de Barceloneta, 1 at Palau de Mar. Port Authority has advised that any cars parked in the area, will be removed by the port police.

Exhibitors will have the opportunity to choose one of the following options to pick up all materials. Kindly note that for both options, **it is compulsory to have a time slot** previously scheduled to access the respective loading areas:

1. The first option is to use our official freight forwarder and onsite handling contractor DB Schenker who can directly transport all the stand items to your vehicles in the area marked in Orange in the map below. **Time slot will be determined by DB Schenker.**

For this option, please contact DB Schenker directly by email:

jose.tost@dbschenker.com

2. The second option is to load your material by your own means. In this scenario, your car will need to be parked in the area marked in green in the map below. Buggies will be circulating and may help you to move your material. **Time slot will be given by Iva Doci and for a maximum of 20 minutes.**

For this option, please contact Iva Doci directly at i.doci@marinaportvell.com

Security at the access control will refuse those vehicles without a time slot previously reserved.
